

Refurbish Your Hardwood Floors Without Sanding At 1/2 The Cost

If your hardwood floors are scratched and dull, they will be beautiful again. “Our hardwood maintenance system actually adds a durable, shiny finish without major sanding restoration”, says John Braun. With this new system, you may never need a complete floor sanding, which is very costly and inconvenient. You can walk on your floors in

as little as two hours after refurbishing!

This low-dust, non-toxic, affordable system will help your expensive floor last 4 times longer and always look great.
